

STATE OF MISSOURI
DEPARTMENT OF AGRICULTURE
SUBMITTING SEED SERVICE SAMPLES

Free seed analyses June 1 thru August 31, and November 1 thru January 15. Charges for seed analyses September 1 thru October 31, and January 16 thru May 31.

CHARGES

| | |
|---|------------------|
| Purity: | |
| For seed having less than 90% pure seed | \$10.00 per hour |
| For one Cultivar | \$12.00 |
| For one Cultivar in the same sample | \$18.00 |

GERMINATION

| | |
|---|------------------|
| On anything other than highly chaffy grasses, per cultivars | \$12.00 |
| TZ | \$25.00 |
| Highly Chaffy seed | \$10.00 per hour |
| Highly Chaffy germination | \$14.00 |
| Cold Test (Soybeans & Corn) | \$12.00 |
| Cool Test (Cotton) | \$12.00 |
| Endophyte from seed | \$20.00 |
| Analysis for noxious & prohibitive weed seed | \$12.00 |

HOW TO DRAW A TEST SAMPLE

If the lot of seed is in bulk, take a sample from each of several different places. If the lot is bagged, take a sample from approximately 10% of the bags. Mix the seed samples thoroughly, and send at least; one quart of seed if it is soybeans, from one pint to one quart if the seed is large (like corn, cotton, small grain, or sorghum), and at least one-half pint if the seed is small (like grass, clover, alfalfa, or lespedeza). Forward your sample in a container adequate to protect the seed. Unless the sample is properly drawn, the test will not truly show the quality of your seed.

PLEASE FILL THE BOTTOM PORTION AND SUBMIT WITH SAMPLE
